PROFESSIONAL DEVELOPMENT

HR PROFESSIONALS...

PMA is an approved provider for both the Society of Human Resource Management (SHRM) and Human Resource Certification Institute (HRCI). PMA programs that relate to the SHRM Body of Applied Skills and Knowledge™ (SHRM BASK™) and have met HRCI's criteria for recertification credits are listed below.

QUALIFIED PMA PROGRAMS

MANAGEMENT DEVELOPMENT ACADEMY—42 PDCS

The Management Development Academy (MDA) is an interactive three-part series of customized workshops, designed to grow your business and leadership acumen to prepare you for success in your current and future roles. Each session includes 2.5 days of expert-led workshop sessions, facilitated debriefs, activities and interaction, as well as plenty of time to connect with the presenters, facilitator and your peers. Learn more about the next MDA class at www.pma.org/mda.

HUMAN RESOURCE AND TRAINING PROFESSIONALS ROUNDTABLE—8 PDCS

Every May, PMA hosts a roundtable for HR and training professionals to learn the latest developments in HR, compliance, regulations and more. Learn more about the next HR roundtable at www.pma.org/roundtables.

WEBINARS—1 PDC

PMA hosts monthly webinars that cover a range of topics: industry statistics, HR, benchmarking, regulatory updates, etc. Throughout the year, webinar topics covering human resources qualify for one PDC. The webinars that qualify for PDCs will be noted on the webinar page. Check out the upcoming webinars at www.pma.org/webinars.

METALFORM EDU—1 PDC PER COURSE

METALFORM EDU (www.pma.org/metalformedu) is an online training program developed by PMA and designed specifically for the metalforming industry. Of the more than 845 courses, 61 qualify for PDCs. Each course equals one PDC. There are also five skill sets covering the courses. Learn about these skill sets at www.pma.org/METALFORMEDU/skill-sets.
